The **essential** journal for neonatal and paediatric healthcare professionals

Take out a two year printed personal subscription for just £80 (UK) or £100 (overseas) and we'll give you **FREE online access** to the journals you have bought

Infant is an invaluable source of neonatal and paediatric information and an important medium for subscribers to keep up-to-date with the practice of their medical and nursing colleagues.

Published bi-monthly since January 2005, the journal contains authoritative articles with a clinical or practical bias written by experts in their field. Comments from some of our readers:

“ Would definitely use/recommend if I was teaching neonatal nursing programme.”

“ A welcome innovation combining the disciplines of nursing and medicine in one journal.”

“ Easily readable with articles relevant to neonatal and paediatric intensive care practice. ”
